there are many self help books out there that cover the topic of how to succeed but i have found they all hold basic presumptions about the individuals reading them they assume the reader is a normal everyday person i would read books and become disheartened because they didn't address the unique challenges i faced as a misfit conventional wisdom only partially helped me to overcome my specific hurdles i grew up very poor without the resources or guidance that many of my peers had i thought differently dreamt differently and most importantly acted differently than those around me yet somehow i was able to succeed in doing everything from serving as a military officer a u s diplomat an educator and an entrepreneur perhaps the biggest lesson i have learned in my life is that when you

are different the rules are different as well you are forced to think outside of the box because you don't fit into any however i have also learned that are misfits are divinely appointed by god to fulfill a specific purpose as a misfit you've spent your entire life as a round peg trying to fit into a square hole no one has ever spoken to your specific circumstance or taught you how to exist in a world that doesn't get you in our society we are taught wear masks blend in and reject things we don't understand well what happens when you can't blend in what happens when you are the thing that is misunderstood we are constantly told to build up alter egos but we never have a chance to strip down and deal with the heart of who we are this is not a how to win friends and influence people kind of book in fact this book is not about changing others reactions to you but rather changing your reaction to others your life will be different as a misfit and how you prepare for that will determine if it is different in a good way or a bad way now is the time to use your unique attributes for your benefit misfits don't need cookie cutter advice they need something that will meet them where they are and get them to where they need to be therefore this book is designed to give you as many tools as possible to overcome whatever specific situation you are facing as a misfit weirdo or introvert because in the end radically different people need radically different advice
